INTRODUCTION

This guide demonstrates how to tape a package for shipping.

Step 1 — How to Tape a Package for Shipping

- With your thumb and pointer finger grab the tape close to the blade on the dispenser.

Step 2

- Pull the tape away from the dispenser using your thumb and pointer finger.

- ⬚ **Reminder:** Keep the tape straight and taut while pulling it out of the dispenser.

Step 3

- Using your thumb and pointer finger, grab the tape near the blade and pull downwards.

- This will remove the strip of the tape from the dispenser for your use.

- ⊡ **Reminder:** Keep the tape straight, making sure the sticky side doesn't touch anything.

Step 4

- Hold both ends of the tape, aligning the middle of the strip of the tape with the middle of the long, wide part of the box.

- Place the tape so it will go across the flaps that open and close on the box.

Step 5

- Wrap the remaining tape around the sides that open and close.

Step 6

- Continue wrapping this tape onto the back of the box.

Step 7

- Your box is now properly taped up!

To reassemble your device, follow these instructions in reverse order.
