Step 2

- Hoover over the image you want to edit and click on the **Edit** Gear button that appears in the bottom corner of the image.
  - A list of options appears.
- Select **Crop**.

Step 3

- Locate the cropping handles, the grey dots in the corners, of the pictures.
- **Click** and drag the cropping handles to resize the picture.

This document was generated on 2022-01-25 02:26:11 PM (MST).

Step 4

- If you want to move the part of the picture that will be cropped, **Click** and **Drag** any area on the light grey outline of the cropped area, and you can move the cropped area around.

Step 5
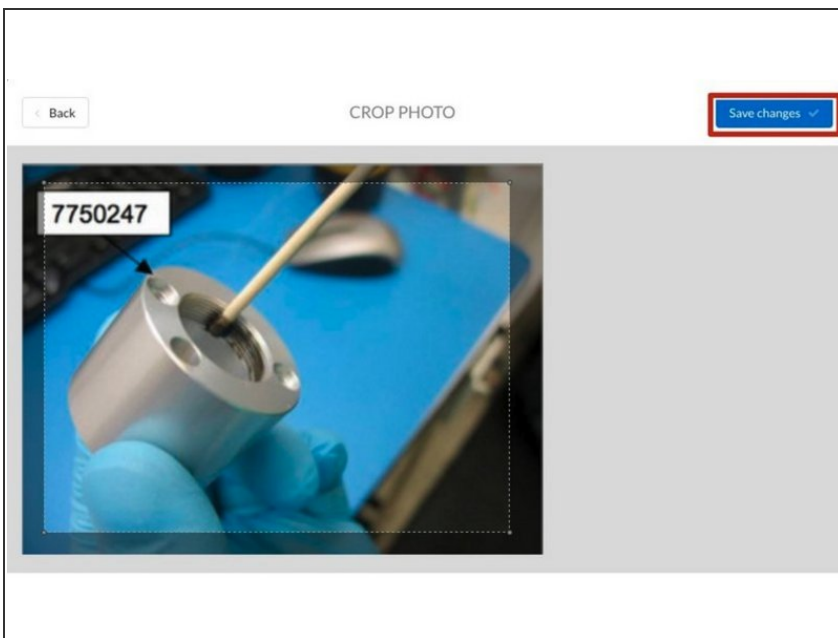

- When you have positioned the crop area to the desired location, click **Save**.

To reassemble your device, follow these instructions in reverse order.
