

How to Make a Wiki Page Private

This guide demonstrates how to make a Wiki page private and only visible to Authors, Admins, and users that have the direct link.

Written By: Dozuki System

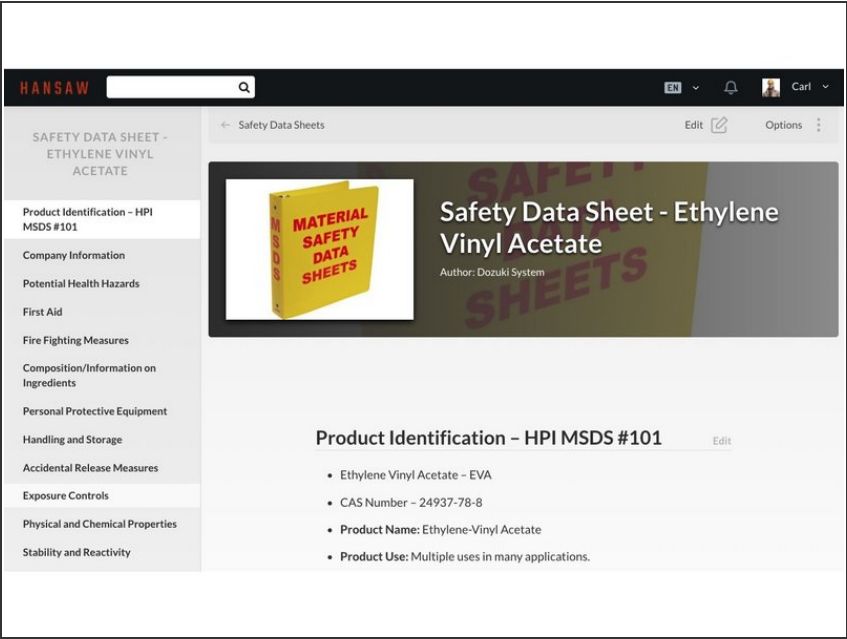

INTRODUCTION

There may be situations when you want to restrict access to a Wiki page. With Dozuki, you can make a wiki page private and only visible to Authors, Admins, and users with the direct link.

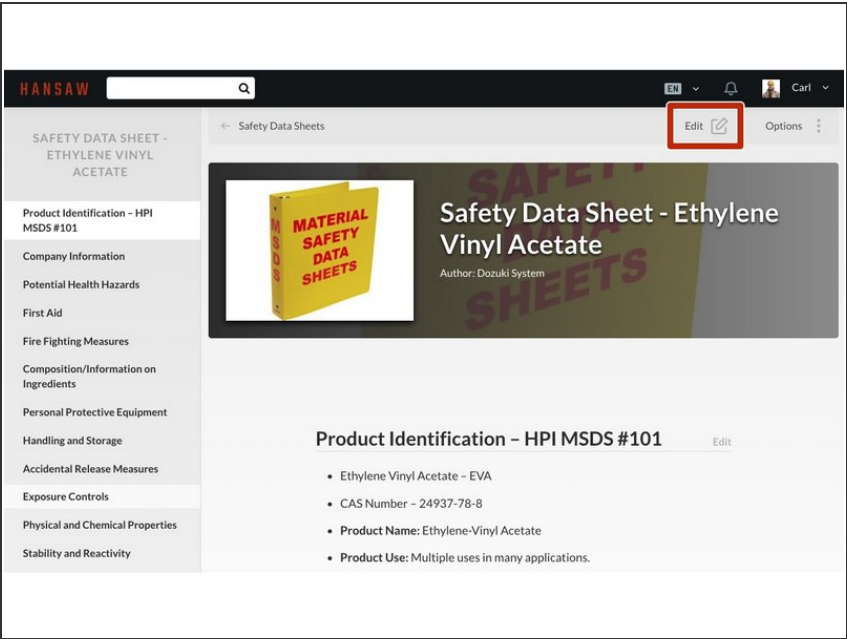

This guide demonstrates how to make a Wiki page private and only visible to Authors, Admins, and users that have the direct link.

Step 1 — How to Make a Wiki Page Private

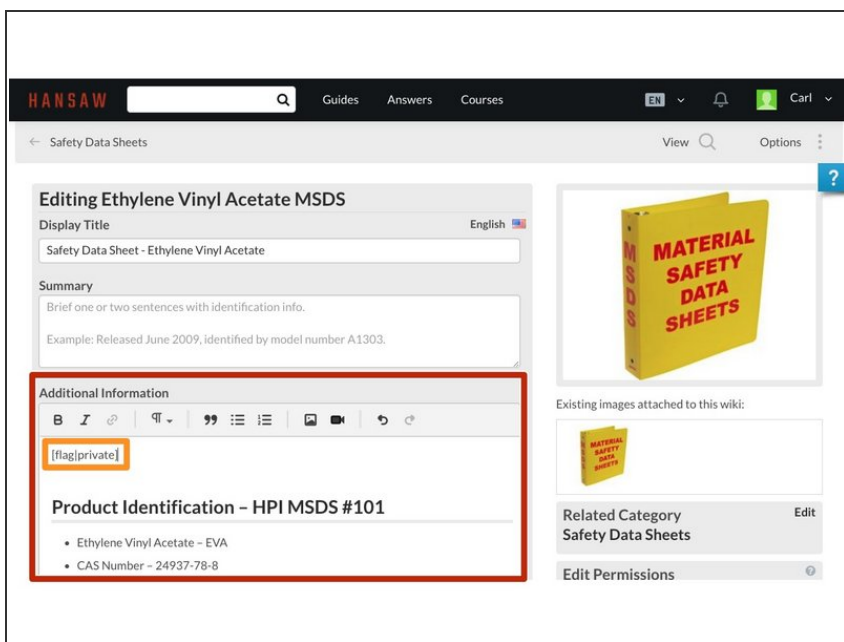

- Navigate to the Wiki page that you want to make private.

Step 2

- Click on the **Edit** button in the top-right of the page, beneath the site header.

Step 3

Editing Ethylene Vinyl Acetate MSDS

Display Title: Safety Data Sheet - Ethylene Vinyl Acetate

Summary: Brief one or two sentences with identification info. Example: Released June 2009, identified by model number A1303.

Additional Information

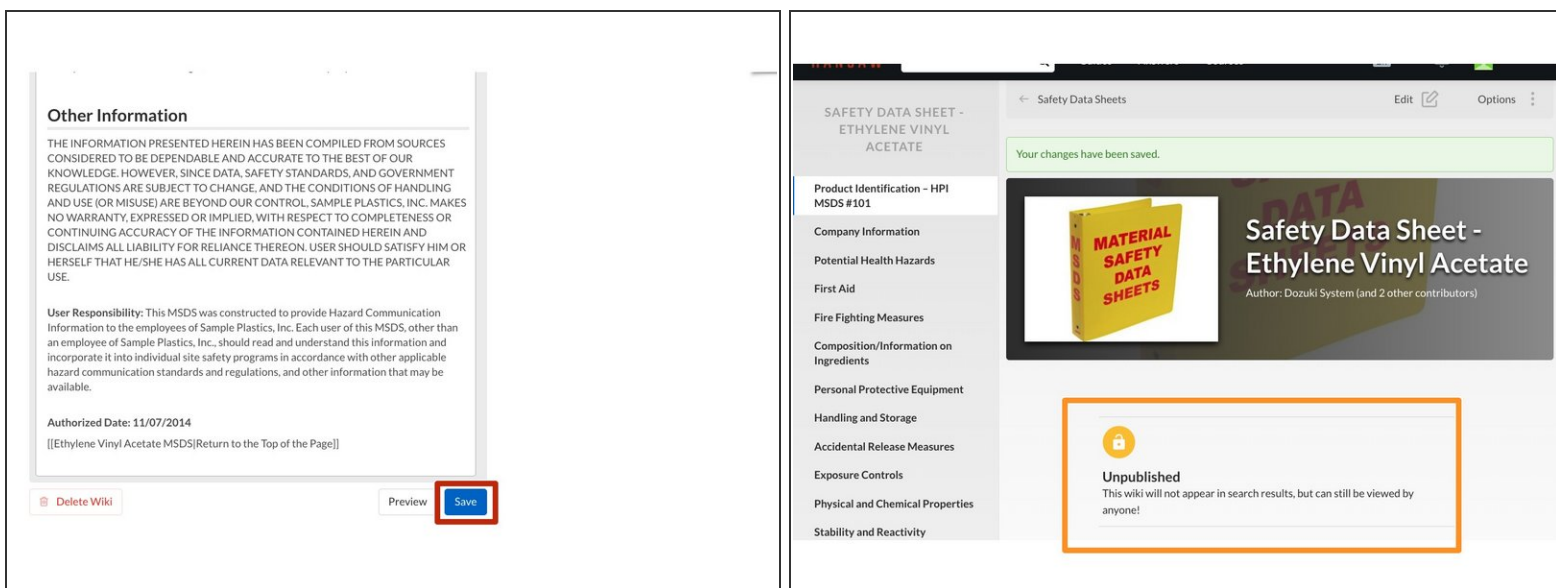

[flag|private]

- Ethylene Vinyl Acetate - EVA
- CAS Number - 24937-78-8

- To make the wiki page private, add the following syntax in the **Additional Information** section.
- [flag|private]**

Step 4

Other Information

THE INFORMATION PRESENTED HEREIN HAS BEEN COMPILED FROM SOURCES CONSIDERED TO BE DEPENDABLE AND ACCURATE TO THE BEST OF OUR KNOWLEDGE. HOWEVER, SINCE DATA, SAFETY STANDARDS, AND GOVERNMENT REGULATIONS ARE SUBJECT TO CHANGE, AND THE CONDITIONS OF HANDLING AND USE (OR MISUSE) ARE BEYOND OUR CONTROL, SAMPLE PLASTICS, INC. MAKES NO WARRANTY, EXPRESSED OR IMPLIED, WITH RESPECT TO COMPLETENESS OR CONTINUING ACCURACY OF THE INFORMATION CONTAINED HEREIN AND DISCLAIMS ALL LIABILITY FOR RELIANCE THEREON. USER SHOULD SATISFY HIM OR HERSELF THAT HE/SHE HAS ALL CURRENT DATA RELEVANT TO THE PARTICULAR USE.

User Responsibility: This MSDS was constructed to provide Hazard Communication Information to the employees of Sample Plastics, Inc. Each user of this MSDS, other than an employee of Sample Plastics, Inc., should read and understand this information and incorporate it into individual site safety programs in accordance with other applicable hazard communication standards and regulations, and other information that may be available.
