INTRODUCTION

This guide demonstrates how to embed images and videos in Guide Steps using the Media Manager.

If you are looking to add dynamic media to a guide, go to Dozuki Integrations Page for more information.

Step 1 — How to Embed Media in Guide Steps

- To open the Media Manager from within a guide, click on the **Image**/**Video** placeholder.

- Click on the **Upload Media** button.

This document was generated on 2022-05-06 03:11:01 PM (MST).

Step 2

- Copy the URL from the media source.

- Paste URL in the **Upload URL** field below the Drag & Drop field.

  (i) This example uses a YouTube video, but Guides also support Vimeo videos and those that support oEmbed.

- Click on the **Grab media** button.

- Click on the **Media** tab in the **Display** header.

- Click on your media to add it to your Guide Step.

This document was generated on 2022-05-06 03:11:01 PM (MST).

Step 3

- Dozuki also supports many Standard Integrations.

- For example, this step contains a code snippet called a Gist.

- Here's a link to this Gist's source.

Step 4

- The embedded media will be added to the Guide Step.

- Add your text.

- Click **Save**.

That's it!
