Step 2 — Add a Video Embed

- Click on the **Video** icon in the toolbar, above the **Additional Information** text field.

- In the field provided in the prompt window, type or paste in the link to your video.
  - (i) Dozuki supports links from *YouTube*, *Vimeo*, *Youku*, and *Wistia* videos on wiki pages.

- Click on the **Insert Video** button to complete the embed.

- This generates the wiki syntax to insert the embed link on your page.

- Click on the **Save** button to view your new video embed on the page.

Step 3 — Video Embed Example
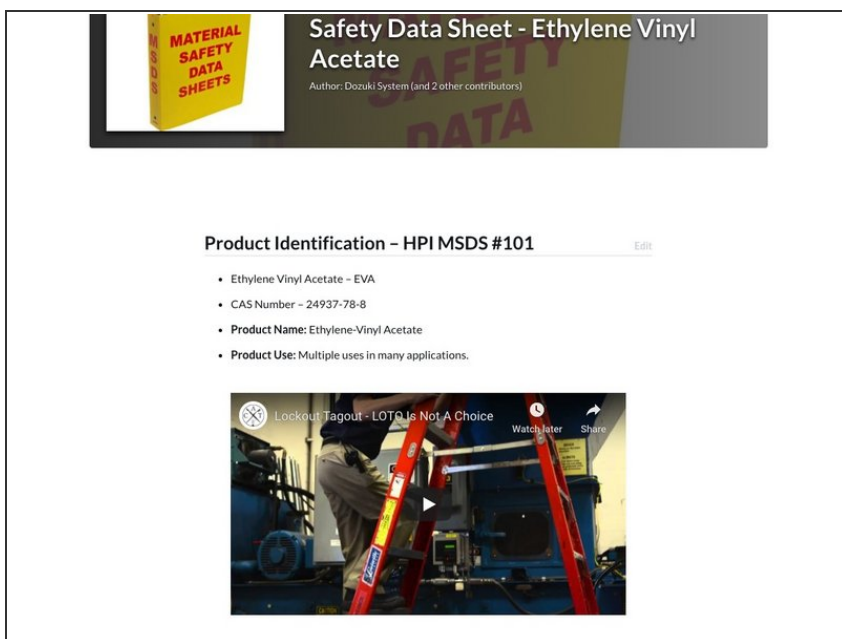

- The video embed's will display on the wiki as seen in this image.
