INTRODUCTION

This guide demonstrates how to make guides public.

Reminder

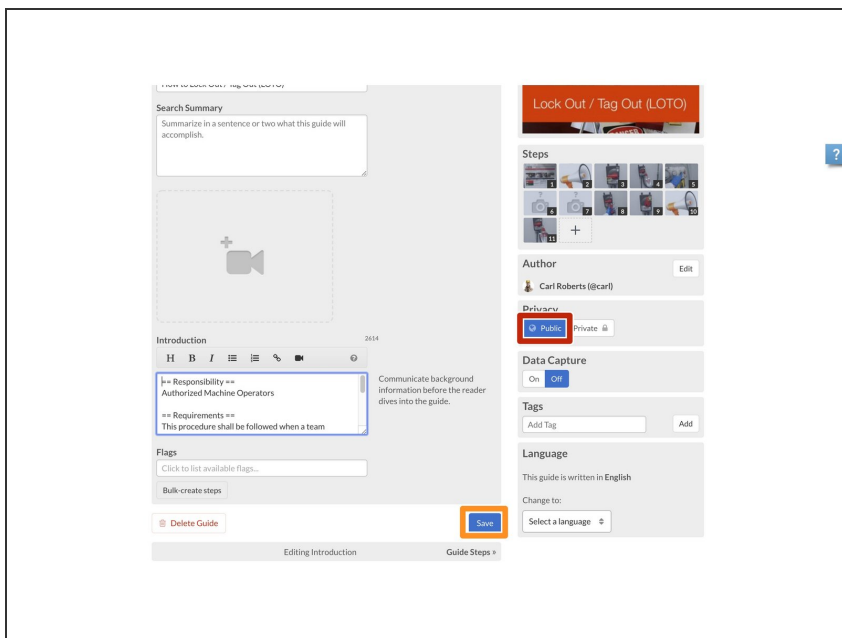

Any changes made to a guide, with the exception of tags and the default language, create a new draft of the guide.

Step 1 — How to Make Guides Public

- Navigate to the guide that you are making public.
- Click on the **Edit** button in the upper-right of the page, just beneath the site header.

Step 2

- To make the guide public, click **Public** on the **Privacy** toggle.
- Click on the **Save** button.
- ☑ If your Dozuki site uses version control, this change will create a new draft. You need to [publish a new release](#) of the guide before it can be viewed by standard users.

To reassemble your device, follow these instructions in reverse order.
